LET’S TALK ABOUT THE “F” WORD

BMS TOOLS TO GET THE SCHOOL YEAR STARTED

Dear Parents of Special Needs Children,

What if you could do one thing every day to usher in peace and calm regardless of the circumstances you face?

You can! It’s not magic and don’t worry about the price, money cannot buy it! More importantly, you’ve already got the main ingredients: love, hope, and faith.

Come to my workshop, prepared especially for you and learn how to mix these main ingredients with determination, knowledge, and perseverance to impact yourself and family.

With Warm Regards,

Gayle Smith, M.Ed., LC
